

# Roll Then Subtract

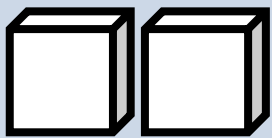

Roll 2 dice and subtract the bigger number from the smaller number.

 $3 - 2 = 1$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$

 $\square - \square = \square$
