 $\square - \square = \square$   
 $\square - \square = \square$

A house-shaped worksheet for fact practice. The roof is a triangle with the number 17 in the center. The left side of the roof is labeled 7 and the right side is labeled 10. The words "Fact House" are written in the middle of the roof. The main body of the house contains four rows of math problems, each with three empty boxes for numbers and a plus or minus sign. The first two rows are for addition, and the last two are for subtraction. The house is decorated with a sun in the top left, a cloud in the top right, a flowering plant in the bottom left, and a snake plant in the bottom right.
