

Shake and Spill

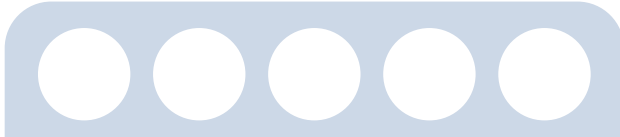

Shake 5 double coloured counters and colour the circles to match your results. Then write the equation underneath.

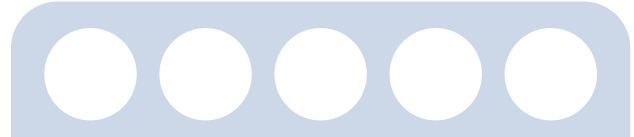

$4 + 1 = 5$

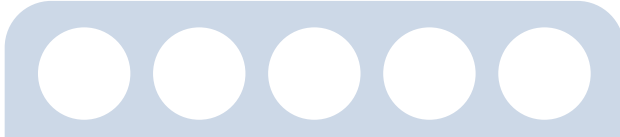

$\square + \square = \square$

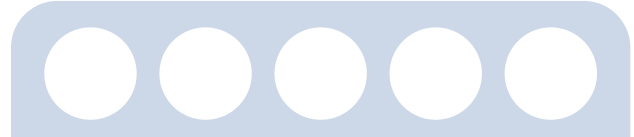

$\square + \square = \square$

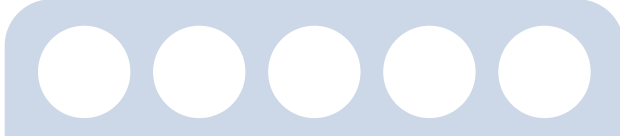

$\square + \square = \square$

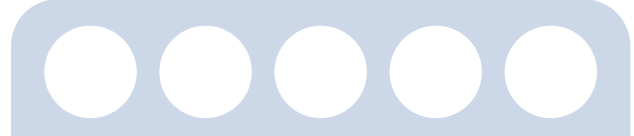

$\square + \square = \square$

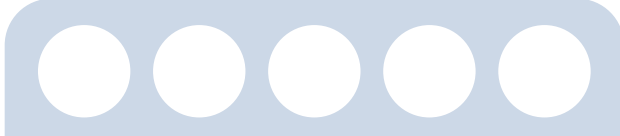

$\square + \square = \square$

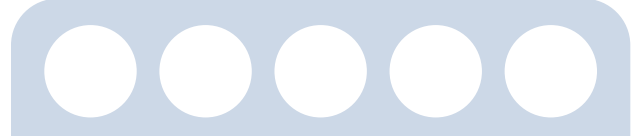

$\square + \square = \square$

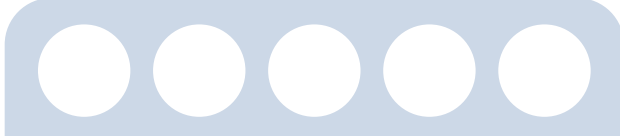

$\square + \square = \square$

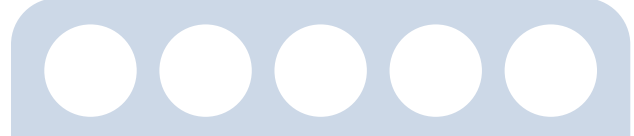

$\square + \square = \square$

$\square + \square = \square$

$\square + \square = \square$

$\square + \square = \square$
