

Compound Word Craft

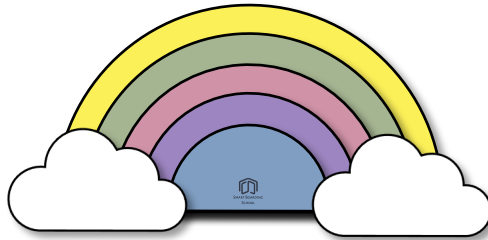

Directions

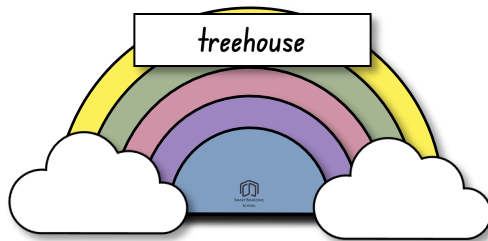

Print out pages 3 – 10 on different coloured paper, as specified at the top of each page. Students cut out each part.

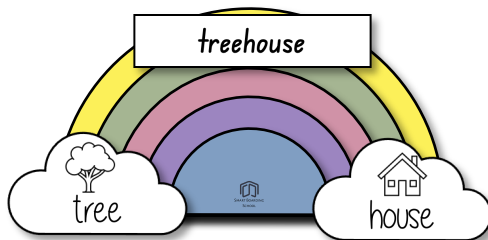

Arrange the coloured half circles in top of each other to make a rainbow.

Glue the clouds on either side of the rainbow.

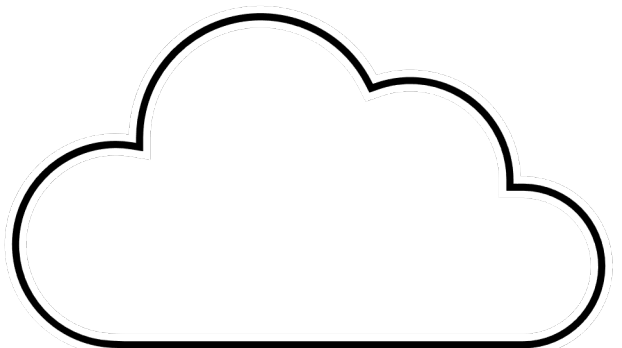

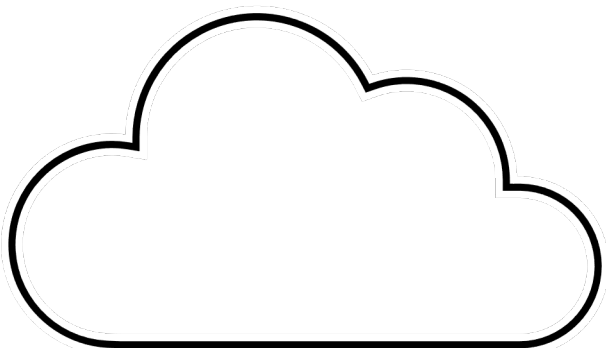

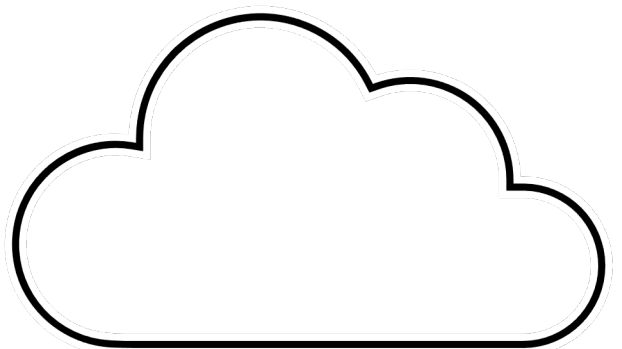

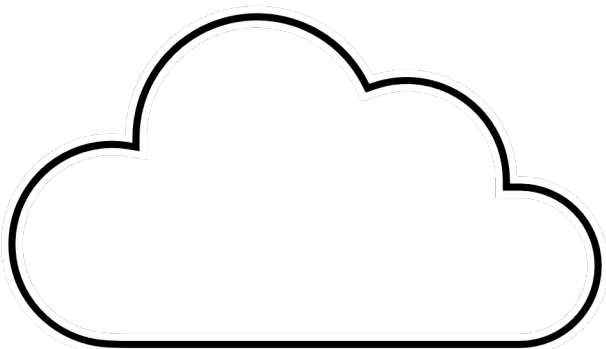

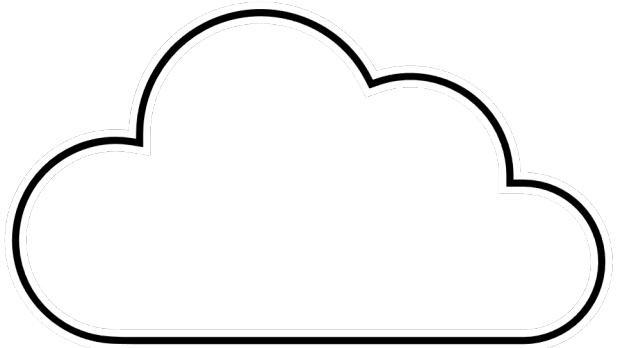

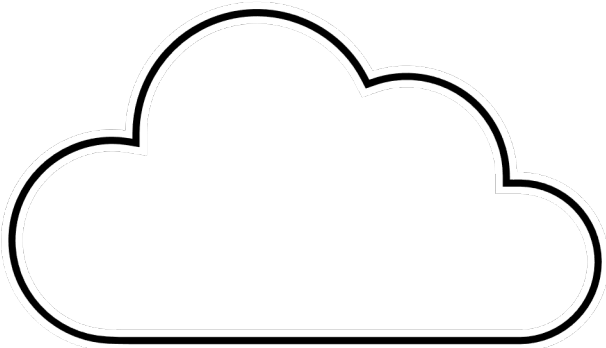

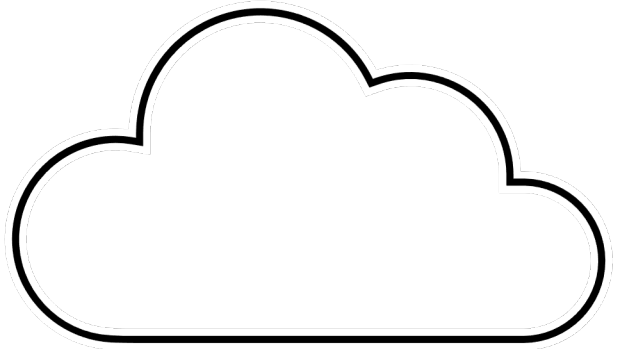

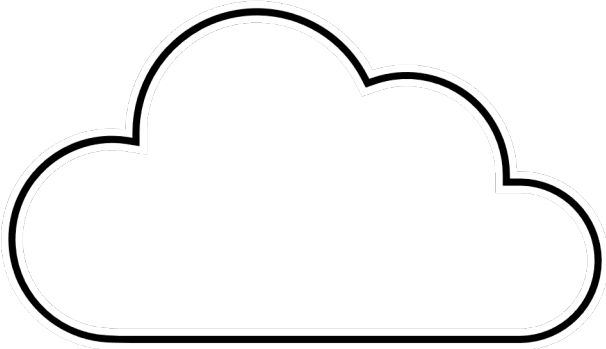

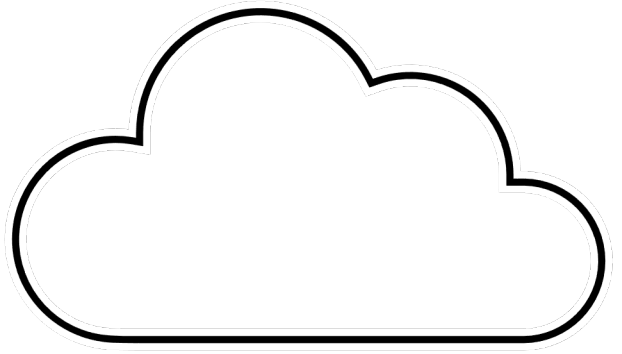

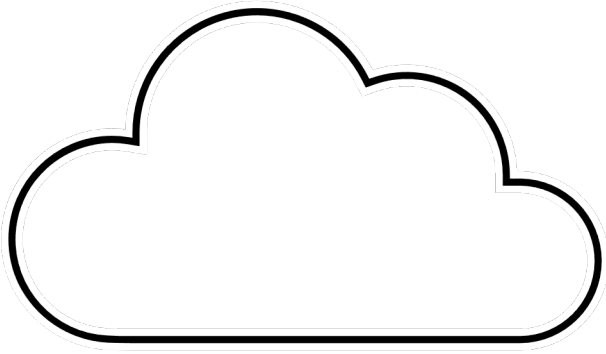

Glue on a compound word at the top of the rainbow.

Write and draw a picture for each of the smaller words that make up the compound word on each of the clouds.

Print onto white cardstock and give 2 to each student.

Print onto white cardstock and give 1 to each student.

butterfly

headphones
