## How to Make the Clock

1. Print out page 3 onto thick card and cut out the 2 clock faces and hands. Carefully cut along the grey dotted lines in the first clock face.

2. Put glue on the clock face with the numbers counting by 5's up to 55. Be careful not to put glue on the numbers

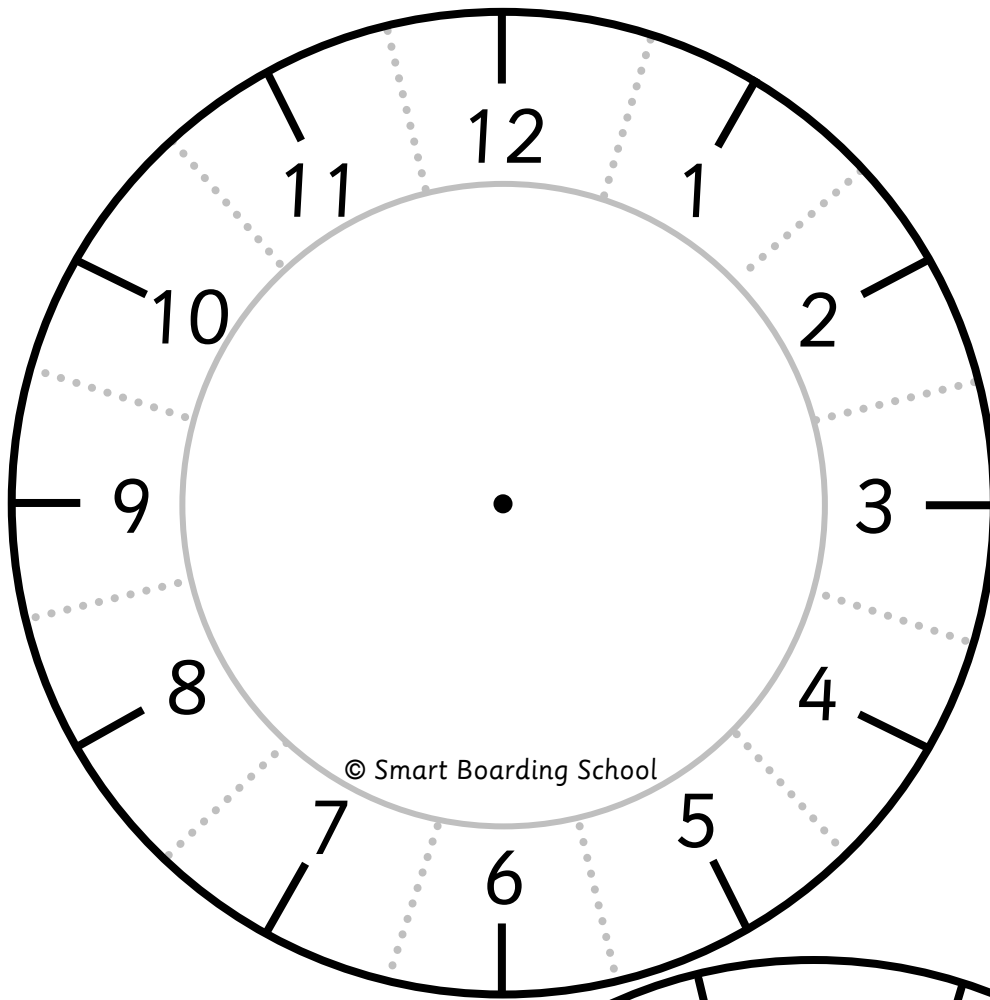

3. Use a push pin to pierce a hole into the 'hours' hand followed by the 'minutes' hand.

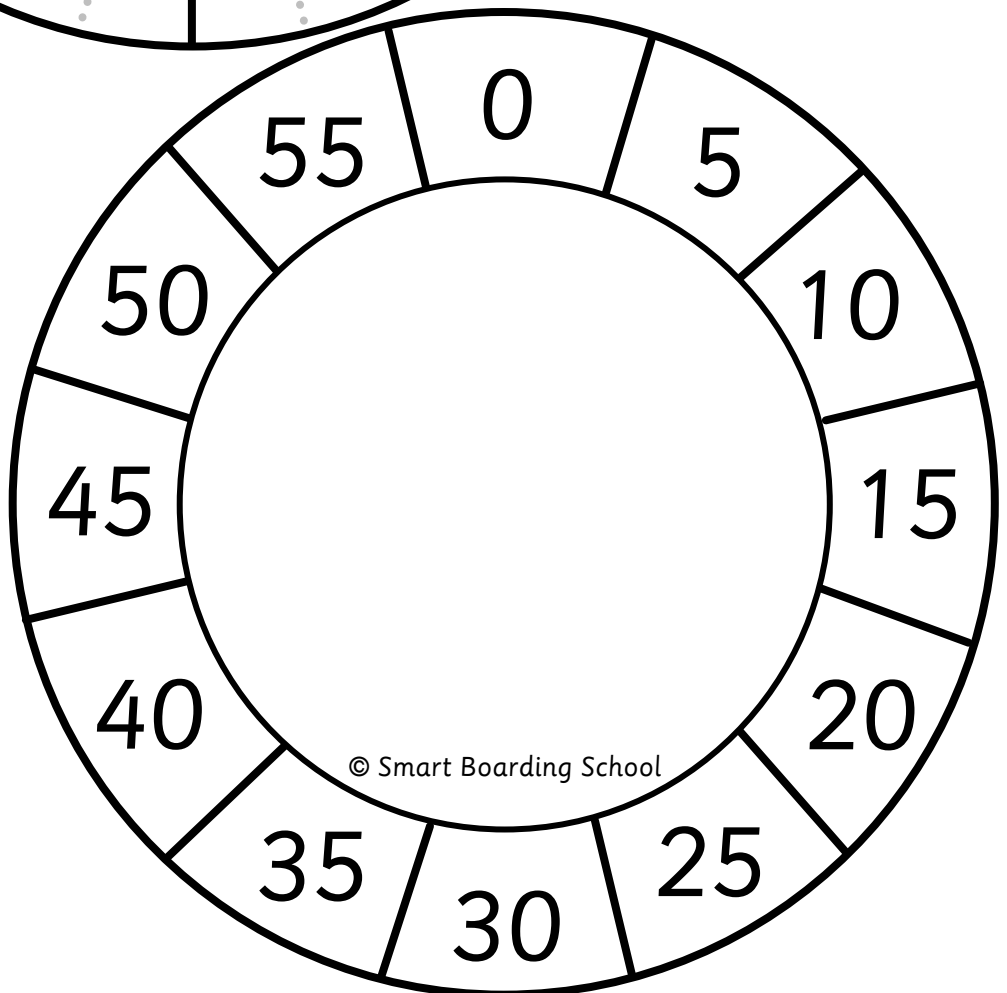

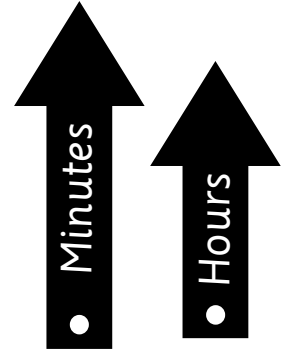

4. Attach the hands to the clock face.

5. You now have a clock with moving hands and flap that can open to help children learn what the minute hand is pointing to.
