

Contraction Board Game

Printing Tip: Print pages 2 and 3 back to back so the rules of the game are printed on the back and can be easily referred to if needed.

Contraction Board Game

How do you play?

Each player gets counters, all the same colour. If 1 player has picked blue counters the other player(s) must choose a different colour.

Each player puts a playing piece anywhere on the board. Players take turns rolling a dice and moving their playing piece around the board. Players cover up the matching contraction, found in the middle of the board with one of the coloured counters on their turn.

The first player to place 4 counters in a row is the winner.
