

Subtraction from 20

Practise working on subtraction from 20 by using this versatile worksheet. Children can cut along the dotted lines on the number line at the top of the worksheet and then fold the numbers down to represent each subtraction question.

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20

Subtraction from 20

$20 - 11 = \square$

$20 - 5 = \square$

$20 - 1 = \square$

$20 - 19 = \square$

$20 - 14 = \square$

$20 - 8 = \square$

$20 - 17 = \square$

$20 - 13 = \square$

$20 - 6 = \square$

$20 - 0 = \square$

$20 - 12 = \square$

$20 - 1 = \square$

$20 - 3 = \square$

$20 - 16 = \square$

$20 - 5 = \square$

$20 - 18 = \square$

$20 - 7 = \square$

$20 - 10 = \square$

$20 - 9 = \square$

$20 - 2 = \square$

$20 - 15 = \square$

$20 - 2 = \square$

$20 - 4 = \square$

$20 - 20 = \square$
